February kicked off with a well deserved BBQ at Maketu Beach enjoying the beautiful scenery and the shade from the hot sun under the beautiful pohutukawas.

Kate-Lyn, Jessie and Abbie enjoyed the Wish4Fish fishing trip. It was a splendid experience and here are some fishing highlights, a couple of doubles and a very curious snapper!

### Pepi Toot Beach Express

We had an amazing trip around the streets of Mt Maunganui town, looking at the sights, tooting at holiday makers and having a lot of fun!

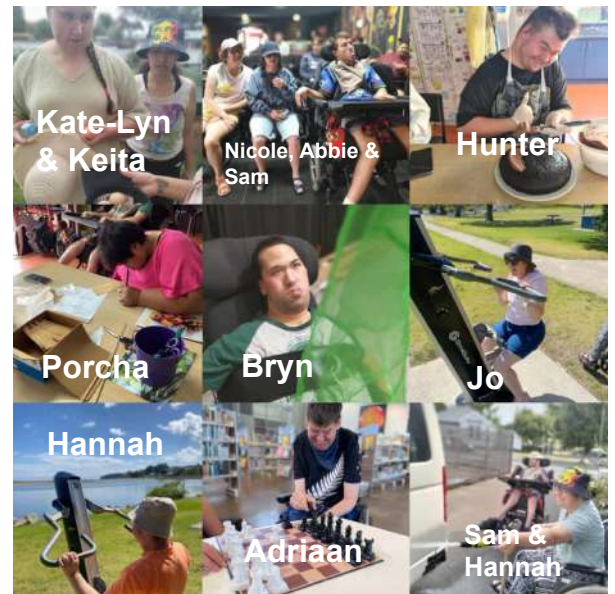

# January 2025

The start of the year sees us at the aMAZEme attraction at Paradise Valley in Rotorua. We had a great time walking around getting lost and trying to find each other. Some of us were better than others! There were also neat games and puzzles for us to figure out.

At Te Puke we are always doing cool and just plain great things, from cooking opportunities, where we eat our endeavours, to afternoons in the park doing ball sports and seeking refuge under the cool of the trees.

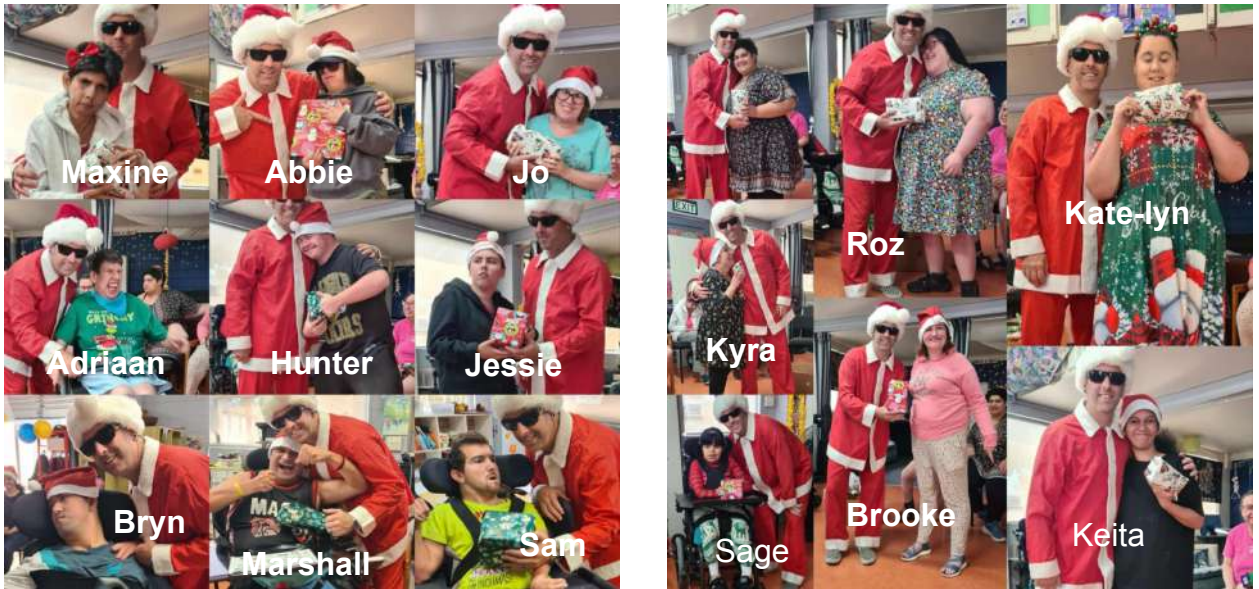

This year we have started to focus on the rest of our community, helping with the Kai Resilience Programme and helping to start up a Seed Library. And of course going to the movies, dancing and getting lots of exercise.
